

## **Polarization Maintaining Tap Photo Detector Monitor**

## **Product Features**

The PM TPD is an optical power monitoring device consisting of individual tap-integrated photo detectors. Our PM-TPD is manufactured with PMF (Polarization Maintaining Fiber) and it is very compact and is easily mounted on a PCB for system use. Optical properties are excellent and include a broad wavelength range covering C and L - band with low insertion loss and high sensitivity

| Specifications                  |                                       |          |          |  |  |  |  |
|---------------------------------|---------------------------------------|----------|----------|--|--|--|--|
| Parameter                       | Value                                 |          |          |  |  |  |  |
| Operating wavelength            | 1260~1360 and 1460~1620 and 1260~1620 |          |          |  |  |  |  |
| Tap ratio                       | 1%                                    | 3%       | 5%       |  |  |  |  |
| Responsibility (mA/W)           | 7 to 12                               | 14 to 24 | 40 to 60 |  |  |  |  |
| Insertion loss (dB)             | 0.5                                   | 0.7      | 0.8      |  |  |  |  |
| WDL (dB)                        | ≤0.3                                  |          |          |  |  |  |  |
| ER (dB)                         | ≥20                                   |          |          |  |  |  |  |
| TDL (dB)                        | ≤0.3                                  |          |          |  |  |  |  |
| Return Loss (dB)                | ≥45                                   |          |          |  |  |  |  |
| Dark Current(Vr=5V, 25℃) (nA)   | ≤5.0 (1.0 Typical)                    |          |          |  |  |  |  |
| Reverse Voltage (V)             | 20                                    |          |          |  |  |  |  |
| Forward Current (mA)            | ≤10                                   |          |          |  |  |  |  |
| Capacitance(Vr=5V, f=1MHz) (pF) | ≤8.0 (5.0 Typical)                    |          |          |  |  |  |  |
| Bandwidth(RL=50Ω, -3dB) (GHz)   | 2                                     |          |          |  |  |  |  |
| Fiber Type                      | SM13-PS-U25D and SM15-PS-U25D         |          |          |  |  |  |  |
| Operating temperature (°C)      | -5 ~ +70                              |          |          |  |  |  |  |
| Storage temperature (°C)        | -40 ~ +85                             |          |          |  |  |  |  |
| Max input power (mW)            | ≤500                                  |          |          |  |  |  |  |
| Dimensions (mm)                 | Normal Size: Φ5.5 × L20               |          |          |  |  |  |  |
